

BioFresh

Applications: Odor neutralizer and stain remover for organic stains and odors. For textiles, carpets and upholstery.

BioFresh is an odor neutralizer and stain remover for carpets. It neutralizes all organic-based odours and removes almost all organic stains. In addition, it has the ability to remove fresh urine stains from the carpet. Through a synergistic effect between a buffered enzyme system and microorganisms excellent results are achieved. A mixture of surfactants guarantees good wetting and additional cleaning power.

The use of BioFresh is easy. One just has to remember that biological processes have a certain lag-time before they take effect. Simply spray BioFresh onto the stain or the odor source. Work it into the carpet using a spotting brush. Then cover the area using a cloth that has been dampened with BioFresh and let BioFresh work for as long as possible.

If the odor source can not be localized, BioFresh may be sprayed onto the carpet in small amounts in the entire room. The perfume works immediately, the microorganisms will take care of the rest.

CAUTION: Always test product in an inconspicuous spot before use!

Standard Specifications:

Structure at 25°C : liquid
pH at 20°C: 7.0 - 8.0 as a concentrate
Density: 0.990 - 1.010 g/cm³

Shelf-Life: 1 year after first opening.

Storage: Frost free. Closed properly. Dry.

Contents (acc. to 648/2004/EG): <5% nonionic surfactants, enzymes, perfume (citronellol, geraniol).

Other contents: Microorganisms, builders, dye, and water.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. 362052, 362005

Packaging: Box of 12 x 0.5L, Box of 4 x 5L.

Hazard Symbol(s):

Signal Word: Warning.

Hazard Statements: H319 Causes serious eye irritation.

Precautionary Statements:

Prevention: P280 Wear protective gloves/protective clothing/eye protection/face protection.
P264 Wash hands thoroughly after handling.

Reaction: P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313 If eye irritation persists: Get medical advice/attention.

Storage: None.

Disposal: None.

Classification according to ADR/RID:

This product is no hazardous material according to transport regulations.
