

BioGreen - liquid

Applications: Liquid extraction cleaner with multiple enzyme action for all water-resistant fibres and textiles - suited for carpets and upholstery.

BioGreen – liquid is a liquid extraction cleaner for natural and synthetic carpets. Its effectiveness is equal to that of BioGreen but in liquid form. Its neutral pH in solution makes it ideal for use as an upholstery cleaner too. It contains an effective combination of enzymes, stable in liquid form, that have the ability to dissolve protein and grease stains. BioGreen – liquid also contains an environmentally friendly combination of builders that remove dirt and soil from the carpet.

BioGreen – liquid is diluted 1:50 with water (200ml in 10 litres of water). Make sure that the water is warm (up to 65°C) in order to attain maximum effect of the enzymes. Add the solution to the cleaning solution tank and proceed as usual. For heavy duty use the dilution ratio may be reduced to 1:30.

CAUTION: Storing at temperature near or beneath freezing may cause precipitation of hydrotrope. This does not affect the effectiveness of the product, may, however, cause clogging of the nozzles of the floor or hand tool.

Standard Specifications:

Structure at 25°C : liquid
pH: 6.5 - 7.5 as a concentrate
Density: 1.025 – 1.045 g/cm³

Shelf-Life: 2 years after first opening.

Storage: Frost free. Closed properly. Dry.

Contents (acc. to 648/2004/EG): 5 – 15% nonionic surfactants, enzymes, perfume (citronellol, geraniol).

Other contents: Solvents, builders, and water.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. 364005

Packaging: Box of 4 x 5L.

Hazard Symbol(s):

Signal Word: Danger.

Hazard Statements: H318 Causes serious eye damage.
H315 Causes skin irritation.

Precautionary Statements:

Prevention: P280 Wear protective gloves/protective clothing/eye protection/face protection.
P264 Wash hands thoroughly after handling.

Reaction: P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.
P310 IF ON SKIN: Wash with plenty of soap and water.
P302+P352 If skin irritation occurs: Get medical advice/attention.
P332+P313 Take off contaminated clothing and wash before reuse.

Storage: None.

Disposal: None.

Classification according to ADR/RID:

This product is no hazardous material according to transport regulations.
