

Colorfast

Applications: Extraction cleaner with a high concentration of solvents.

A product developed specifically for extraction cleaning of upholstery. Its combination of solvents and other cleaning components make for excellent cleaning and prevent the bleeding of colours. It is fast-drying and leaves behind shining colours and a pleasant smell.

Colorfast may be used on all water-resistant upholstery.

Colorfast is diluted 1:6 with water (1.6 litres with 10 litres of water) and added to the cleaning solution tank of the extraction machine. The upholstery is then cleaned using an upholstery tool.

Standard Specifications:

Structure at 25°C: liquid
pH at 20°C: 6.5 - 7.5 as a concentrate
Density: 0.980 - 1.000 g/cm³

Shelf-Life: 2 years after first opening.

Storage: Frost free. Closed properly. Dry.

Contents (acc. to 648/2004/EG): <5% nonionic surfactants, perfume (d-limonene).

Other contents: Organic solvents and water.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. 74005

Packaging: Box of 4 x 5L.
