

DriOx Plus

Applications: A specialty product for odor neutralization.

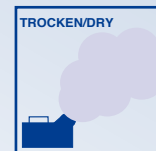

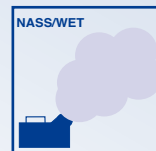

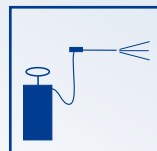

DriOx Plus is an oxidizer which is especially for the elimination of organic odors odour in concrete, insulation, and wood constructions. It is suitable for use in electrical and thermal foggers. The product is a solution of an organic peroxide with very strong and penetrating effect. The way it is stabilized and the type of peroxide used ensure that it is longer lasting and therefore has a working time of up to 3 weeks. This ensures that porous surfaces are penetrated more deeply thereby being treated more completely. It oxidizes organic material but only has a mild bleaching effect.

DriOx Plus is suitable for the use against smoke and fire odours, for example.

DriOx Plus is a ready-to-use solution and may be used manually, in pressure sprayers (pump sprays) or in electrical or thermal foggers.

IMPORTANT: Shake well before use!

CAUTION: Prior to use the MSDS for DriOx Plus should be consulted.

Standard Specifications:

Structure at 25°C : liquid
pH at 20°C: 5.5 - 6.5 as a concentrate
Density: 1.030 – 1.040 g/cm³

Shelf-Life: 1 year after first opening.

Storage: Frost free. Closed properly. Dry. Store separate from acids.

Contents (acc. to 648/2004/EG): <5% nonionic surfactants, 5 - <15% oxygen-based bleach.

Other contents: Stabilizers and water.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. Art. 108005

Packaging: Box of 4 x 5L.

Hazard Symbol(s):

Signal Word: Danger.

Hazard Statements: H318 Causes serious eye damage.
H315 Causes skin irritation.

Precautionary Statements:

Prevention: P280 Wear protective gloves/protective clothing/eye protection/face protection.
P261 Avoid breathing fume/mist/ spray.

Reaction: P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.
P310 IF ON SKIN: Wash with plenty of soap and water.
P302+P352 IF skin irritation occurs: Get medical advice/attention.
P332+P313

P362

Take off contaminated clothing and wash before reuse.

P304+P340

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

P312

Storage: None.

Disposal: None.

Classification according to ADR/RID:

This product is no hazardous material according to transport regulations.

Version: 09.12.2016
