

Electro Cleaner-O

Applications: Non-conducting cleaner for electronic parts in fire damage restoration.

A specialty cleaner for fire damage restoration. Electro Cleaner-O is a non-conducting cleaner for electronic parts such as circuit boards, computing elements etc. where a non-conducting product facilitates the cleaning and restoration process. Electro Cleaner-O may be applied whenever no chlorine containing contaminations are present. Should chlorine containing contaminations be present, we recommend use of Electro Cleaner-W. Use of Electro Cleaner-O makes complete drying unnecessary, since the product does not conduct electricity.

Electro Cleaner-O is applied undiluted onto the soiled parts using a cloth or a brush. After a short dwell time the parts may be rubbed clean or can be dried with high-pressure air.

CAUTION: Electro Cleaner-O may not be used in a bath or using a high- or low-pressure method. Ultrasonic application is prohibited (heat, ignition sources).

Standard Specifications:

Structure at 25°C: liquid
Density: 0.765 - 0.775 g/cm³

Shelf-Life: 2 years after first opening.

Storage: Closed properly. Dry.

Contents (acc. to 648/2004/EG): ≥30% aliphatic hydrocarbons.

Other contents: None.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. 94405

Packaging: Box of 4 x 5L.

Hazard Symbol(s):

Signal Word: Warning.

Hazard Statements: H226
H304
EUH066

Flammable liquid and vapour.
May be fatal if swallowed and enters airways.
Repeated exposure may cause skin dryness or cracking.

Precautionary Statements:

Prevention: P210 Keep away from heat/sparks/open flames/hot surfaces. — No smoking.
P233 Keep container tightly closed.
P280 Wear protective gloves/protective clothing/eye protection/face protection.

Reaction: P303+P361+P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.
P370+P378 In case of fire: Use water CO2 for extinction.
P301+P310 IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
P331 IF SWALLOWED: Do NOT induce vomiting.

Storage: P405 Store locked up.

Disposal: None.

Classification according to ADR/RID:

ADR/RID Class: 3
Classification Code: F1
Packing Group: III
Hazard Label: 3
UN-Number: 3295 HYDROCARBONS, LIQUID, N.O.S (C11-C13 alkanes/cycloalkanes)
Multiplier according to ADR/RID 1.1.6.3: 1
Tunnel Restriction Code: D/E
